Description

Un dictionnaire utile à tous ceux qui veulent retrouver ou découvrir la bonne prononciation de l'anglais, accent tonique à l'appui. Il y a une différence entre parler "Good English" (anglais impeccable) et "English well" (anglais correct sans plus). Et parmi les nombreuses difficultés pour un francophone (souvent obliérées car le début de l'apprentissage est rapide, mais sa poursuite très ardue) figure la prononciation. Elle est l'une des plus difficiles de toutes les langues, et elle classe immédiatement l'origine géographique du locuteur et son niveau de culture. Le présent ouvrage se veut une aide pour éviter les fautes de prononciation. Il est présenté en trois colonnes : l'entrée est le mot orthographié correctement, suivie de sa prononciation si celle-ci présente une difficulté, éventuellement de son étymologie explicative. La prononciation choisie est celle officielle, comprise de tous les anglophones, même si ceux-ci en ont usuellement une autre. L'étymologie est donnée quand le mot vient du français, et quand cela explique la prononciation, même si celle-ci n'est pas particulièrement difficile. La langue anglaise provient aux deux tiers du français, qui a oublié de nombreux mots que l'anglais a, lui, conservés, et qui ont parfois été réimportés sous une orthographe anglaise. Le nombre de mots 'franglais' est infime en comparaison, et en général ils sont vite désuets. Tous

les mots normalement acquis au niveau de terminale sont omis, ainsi que ceux dont la signification et la prononciation sont évidentes. Tout public : lycéens, étudiants, touristes allant dans les pays où l'on parle l'en anglais.

i'm sorry, i don't speak very good french, Je suis désolé, je ne parle pas très bien français, . i'm sorry, i don't speak very good french, do you speak english?
